INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Winston-Salem Directory since 1932), present to subscribers and the general public, this, the latest edition of the Winston-Salem City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State and National Directories).

Confidence in the growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Winston-Salem, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem.

1972-1

The Winston-Salem Out-Of-Town City Directory Library

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History

Rich and varied is the history of Winston-Salem, for the city of today is the product of two centuries of constructive, planned growth.

In 1752-53, a small group of Pennsylvania Moravians, a Protestant denomination of Bohemian origin, carefully selected and bought a large tract of land in Piedmont Carolina at the three forks of the Yadkin River. They named the tract "Wachovia" after the Austrian estates of Count Nicholas Louis von Zinzendorf, an early protector-patron of the sect. Two settlements were established, Bethabara in 1793, and Bethania in 1759. In 1766, a new settlement was carefully laid out in the center of the Wachovia tract and built according to definite plans. The tranquility-loving Moravians named their new town Salem, meaning "peace."

Offices of the Greater Winston-Salem Chamber Of Commerce, located in the James Gordon Hanes Community Center Building

The small town grew rapidly under the care of the industrial fathers. A water system was established and dwellings, stores, and shops built. Tobacco was even then an important crop. The fathers consecrated a graveyard, "God's Acre," and founded a girls' school which has developed into the Salem Academy and College of today.

The Revolutionary War brought to the thriving town Nathanael Greene's soldiers, and in 1781, Cornwallis passed through Salem. The years after the war until the middle of the 19th Century were marked by such events as the establishment of the Nissen Wagon Co. in 1787; a visit from George Washington in 1791; the dedication of the Home Moravian Church in 1800; the first edition of Blum's Almanac in 1828; and the opening of the first bank in 1847; Cotton and wool manufacturing companies had been organized, and Salem by 1850, was a prosperous center of religion, learning and industry.

By an act of legislature in 1849, Forsyth County was created from Stokes County. The county seat was established one mile north of Salem Square. In 1851, again by act of legislature, the new county seat was named "Winston" in honor of Major Joseph Winston, Revolutionary War hero. Salem was incorporated in 1856; Winston in 1756; Winston in 1859.

Winston developed rapidly as an industrial center and market. The year 1872, saw the first tobacco auction and the opening of the first tobacco factory. In 1885, the Chamber Of Commerce of Winston and Salem was organized by far-sighted leaders who realized that together the two towns must build for the future. By the time of consolidation, Winston was already known for its textiles, hosiery, blankets, knit goods, tobacco products and tobacco market.

In 1913, by popular vote, Winston and Salem were consolidated as Winston-Salem, the "Twin City." The new city took as its motto "Urbs Condita Adiuvando," meaning "A City Founded Upon Cooperation." This motto puts into modern phraseology the old Moravian concept of "Unitas Fratrum," "A Unity of Brethren."

Winston-Salem today is the leading industrial city of North Carolina and one of the South's leading industrial cities. The annual value of Forsyth County's manufactured products is over $1\frac{1}{2}$ billion.

The best of the old and the best of the new blend to make a progressive city still marked by a deep religious atmosphere, a love for music and arts, and a zeal for broad educational development. As did

their fathers of yesterday, far-sighted citizens of today build always for the greater city of tomorrow.

Now it belongs to the Moravian Church, and is an apartment house for ladies.

SALEM COLLEGE AND ACADEMY, Salem Square, is one of the first Girls' Schools in the South, and is oldest in continuous operation. Established by the Moravians as a day school in1772, it became a boarding school in 1802. The college buildings, on a 50-acre campus, are designed in the characteristic mid-European domestic architecture, prevalent in Salem.

Industry and Business

Winston-Salem is built on a sound economic foundation. Industries, many of which were established by Winston-Salem pioneers, number approximately 230. Industrial and agricultural developments are inter-dependent, giving stability and balanced growth.

Industrial Development

TOBACCO—Tobacco flows into Winston-Salem from the farms of the entire Piedmont area. Here, it is manufactured into tobacco products which are distributed to every country in the world. Winston-Salem is the world's largest tobacco manufacturing center, producing cigarettes, smoking and chewing tobacco, and snuff. Winston-Salem also is one of the world's largest bright-leaf tobacco markets.

HOSIERY—The city is the home of the world's largest circular-knit hosiery mill. Besides the great Hanes mill and a large plant processing nylon yarn, there are seven other plants in the Winston-Salem vicinity that process or make hosiery.

KNIT UNDERWEAR—The largest manufacturer of men's and boys' knit underwear in the world, Hanes, is located in Winston-Salem.

TELEPHONES AND OTHER ELECTRONIC EQUIPMENT—Western Electric AMP, and others manufacture test equipment, and a great variety of electronic devices and components.

FURNITURE—Fifteen furniture plants, manufacturing all types of furniture, are located in the Winston-Salem vicinity.

The Edgecombe Room is one of fifteen rooms and four galleries in the Museum of Early Southern Decorative Arts. The Museum, located in Old Salem, contains a distinctive collection of early Southern Antiquities and arts. This particular room is from a small mid-eighteenth century planter's home in Edgecombe County, North Carolina, and retains its original red painted wainscott and cornice with chimney piece of blue. The Chippendale chairs and side table of walnut are from Virginia. Note the decorative inlay on the spice cabinet, echoing the design on the chimney piece; it is probably of eastern North Carolina origin, as is the cellaret under the window. The mahogany dining table is an interesting attempt at sophistication by a cabinetmaker working in the back country of North Carolina.

For additional information, contact Director of Information, Old Salem, Inc., Drawer F., Salem Station, Winston-Salem, N. C.

OTHERS—The city has other plants manufacturing a large variety of products including boxes and cartons, batteries, air-conditioning and industrial machinery, specialized chemical materials and medicines, awnings, beddings and mattresses, paint, toys and textiles. An ample complement of services joins these industries to give a well-balanced and diversified economy. The largest brewery ever constructed at one time was built by the Joseph Schlitz Brewing Company in Winston-Salem. Production began in 1969, and plant tours are scheduled for Monday through Friday.

Retail and Wholesale Trade

The retail trading area covers several Piedmont counties. The wholesale trading area extends over a 150-mile radius. 1½ million people live within 50 miles of Winston-Salem.

Transportation

AVIATION—Located 2.5 miles from the business district, Smith Reynolds Airport is served by Piedmont Airlines. Greensboro-High Point-Winston-Salem Airport, 15 miles from downtown is served by four airlines.

MOTOR VEHICLES—Motor vehicles registered for 1969 in the Winston-Salem area were 127,991. Three coach companies give inter-city bus service. Winston-Salem is the Southern division headquarters for the Greyhound Lines. Three local bus lines and two taxicab companies handle urban traffic.

HIGHWAYS—Eleven principal highways lead to and from Winston-Salem.
In January, 1960, the Interstate Expressway was completed. This expressway runs east-west through the city using routes U. S. 421 and 158, and is part of Interstate 40. A North-South Expressway (U. S. 52) opened in 1964.

RAILWAYS—Three railways operate in Winston-Salem. The city generates such a great amount of freight that more than 35 railways maintain Winston-Salem offices.

The Salem Boys' School Building, erected in 1794, and a modern annex today house the Wachovia Museum collection of local antiques. Adding interest to the exhibits of early household utensils, guns, farm equipment, toys, church relics, craftsmen's tools and products, and Indian artifacts is the school building itself, an outstanding example of Moravian ornamental brickwork. It still bears its original tile roof.

Winston-Salem is known for its many churches, good schools, and beautiful homes.

Churches and Religious Denominations

Often called the city of churches, Winston-Salem has more than 220 churches, representing some twenty denominations. Every section of the city is graced with lovely church buildings on attractive grounds, ranging from the old Home Moravian Church to the large, modern Baptist and Methodist structures called the finest in the South.

Schools and Colleges

Also called the city of good schools, Winston-Salem long ago recognized the need for adequate education. A consolidated City-County School System serves the area. The buildings are attractive, well-equipped, and set in spacious grounds providing adequate facilities. New elementary and junior high schools have been built.

Salem Academy is a day and boarding school for girls. There are two business colleges, one private elementary school, two parochial schools, and kindergartens, music schools and trade schools.

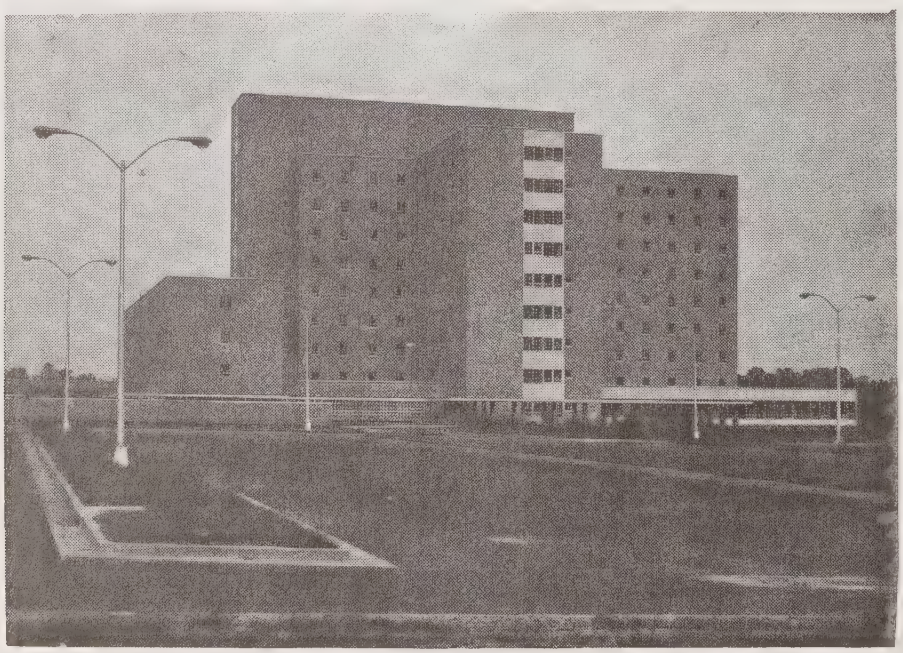
Four colleges are located in the city: Salem College, one of the nation's oldest leading four-year colleges for women, founded in 1772; Bowman Gray School of Medicine of Wake Forest University, four-year medical school; Winston-Salem State University, co-educational Negro Institution; and Wake Forest University, a 123-year old, four-year college for men and women. The school is located in a new, modern plant housing over 3,000 students. It moved to its new campus during the summer of 1956.

The North Carolina School of the Arts opened in September, 1965, on the campus of the former Gray High School. It provides instruction in dance, music and drama for 400 talented high school and college students from North Carolina and many other States.

City Government

Winston-Salem has the council-manager type of city government. The city is incorporated, operating at present upon a charter codified and revised in 1927, with amendments made since. The city is divided into eight wards, with one alderman being elected biennially from each ward, making the governing body of the city a board of aldermen of eight plus the mayor. The Board of Alderman appoints the city manager.

County Government



Five commissioners, elected for overlapping terms make up a board of commissioners who serve as the governing body of Forsyth County.

The county is divided into twelve townships and 50 precincts. All qualified voters of North Carolina who have lived in North Carolina for one year and in any voting precinct of Forsyth County for four months are eligible to vote in county elections.

Recreational Facilities

Twenty-six parks and playgrounds, with a total of 536 acres, have athletic fields, picnic areas, and special amusement features. The largest park is Reynolds, one of the South's finest municipal recreational centers. The city has an average of more than ten acres of playground for each public school.

Numerous amateur and "semi-pro" baseball, basketball and softball teams have regular schedules of games. Nine eighteen-hole golf courses and one 36-hole course, and a mild climate make golf a year-around sport. Nine swimming pools and five motion-picture theatres are located in the city. The R. J. Reynolds Memorial Auditorium and the Bowman Gray Stadium are available for special events. The Y.M.C.A. and Y.W.C.A. provide recreational programs and the City Recreation Department conducts extensive supervised activities.

Exterior scene of the new Forsyth Memorial Hospital in Winston-Salem. The facility has 542 beds.

The $1,250,000 Memorial Coliseum seats 8,000 and brings many attractions to the city. The Coliseum accommodates ice sports, agricultural shows and conventions.

Winston-Salem is a gateway to both mountain and seashore resorts. Some of the loveliest Carolina beaches lie 225 to 250 miles east and south, while cool mountain retreats are about sixty miles west. The famed Blue Ridge Parkway, leading to Shenandoah National Park and Great Smoky Mountains National Park, is some sixty miles northwest.

Cultural Opportunities

Winston-Salem has many cultural activities and organizations. The colleges of the community provide numerous concerts and lectures throughout the year. The member organizations of the Arts Coun-

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Every man to his own taste...

That's why the Jos. Schlitz Brewing Company brews not just one but a family of fine beers. And that's why in addition to Schlitz, world-renowned as a premium beer, we also brew Old Milwaukee Beer, Schlitz Malt Liquor and Encore. Take your choice. We are proud to make these fine products available . . . each brewed in the Schlitz tradition of quality.

Many a church with careful attention to teacher training has hampered the effectiveness of the trained teacher because facilities either did not exist or were poorly planned.

Thus, my company, dedicated wholly to the Lord, has come into being. Cade L. Burr, Designer, Consultant, and Builder, has qualified personnel to serve you in each of these capacities so that your plans become a reality in the least amount of time, with the least amount of cost, and the most amount of functional and serviceable building.

On this important phase in your church life, you can save your church from 30% to 50%. With my plan, Cade L. Burr is your agent to design your building to meet your needs and your budget and to grace your neighborhood. Then I will advise and guide you on all sub-contractors to be let in on the project.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

** Out of Business **

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

*

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

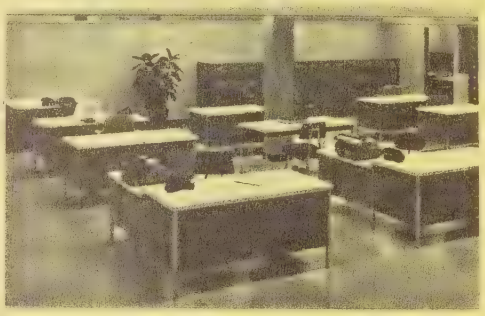
CASHIERS! TELLERS! CLERKS!



Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

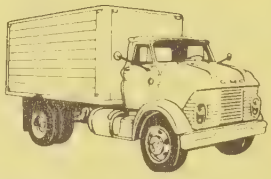
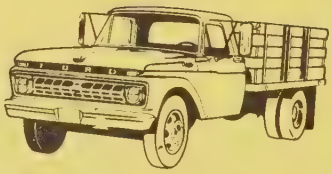
Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.



TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.



FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.
